Subject: Permission to Conduct Research and Data Gathering Among High School Mathematics Teachers

Sir/Madam:

I am William Angelo V. Gonzales, a Master of Arts in Mathematics Education student at Catanduanes State University. I am currently conducting a research study titled **“Exploring the Adoption of L^AT_EX among High School Mathematics Teachers in Catanduanes: A Unified Theory of Acceptance and Use of Technology Model-Based Study”** in partial fulfillment of the requirements for my degree.

In this regard, I respectfully request your permission to conduct data gathering among the high school mathematics teachers in your school. The study aims to understand the factors affecting the adoption of L^AT_EX in preparing instructional materials, with the ultimate goal of supporting technological advancement in mathematics education.

Rest assured that the administration of research instruments will be scheduled at the most convenient time for your teachers to avoid any disruption of classes. Furthermore, all information gathered will be treated with strict confidentiality and will be used solely for academic purposes.

Thank you for your favorable consideration and for supporting this endeavor toward improving mathematical instruction.

Sincerely,

WILLIAM ANGELO V. GONZALES
Researcher
